## CONFIRMATION OF MINUTES

MOVED CR STOJANOVIC, SECONDED CR SYMON

17/24

**THAT THE MINUTES OF THE ORDINARY COUNCIL MEETING HELD ON MONDAY, 19 FEBRUARY 2024 BE CONFIRMED.**

**CARRIED**

---

**PUBLIC QUESTION TIME**

Le Feng Liang

*“Whitehorse City council, Knox City Council they are both your neighborhood council, why they can offer two rubbish collection without limit.*

*Your Council only allow 2mX1mX1m two times a year. Average house hold cannot do like one L shape Sofa and a table that is it. I am new owner of property in this council, many rubbish on the street, including mine.*

*So I am talking about apple against apple here, your rubbish collection policy is not making any common sense we pay \$3.5k council rate a year.*

*Please clarify why you cannot offer two times unlimited rubbish collection like other two city councils I have evidence for?”*

Chief Financial Officer

*“Each Council has different contractors, as well as different drop-off points for the hardwaste, which will typically drive what and how much can be collected from kerbside hardwaste.*

*Whitehorse has the same limits applied to their hardwaste pick-ups as Maroondah. Knox has two unlimited hard waste; the unlimited component specifically relates to mattresses/timber/carpet. The bulk of Councils in Melbourne’s east operate similarly to Maroondah based on Council ‘s 10 year Waste Strategy developed after extensive community consultation.*

*At Maroondah, those residents/property owners paying for a waste service, have the option to combine their two hardwaste bookings annually into one larger booking.”*

Dean Hurlston

*“What amount of waste enforcement costs in the current financial year 2023/24 has the Council included in its waste levies charged to residents? (if any)”*

Chief Financial Officer

*“There have been no waste enforcement costs included in the waste levies charged to residents.”*

Dean Hurlston

*“What amount of revenue has council included in the current financial year 2023/24 from waste enforcement actions; and has that revenue been offset in the waste levy OR applied to Councils General Revenue streams?”*

Chief Financial Officer

*“Revenue in 23/24 for waste enforcement action, is generated and budgeted in the Local Laws area at total of \$1,155 and forms part of Council’s consolidated revenue.”*

Jonathan O’Brien

*“How many property owners set to be impacted directly by the Heritage Overlay C148 have expressed support for the overlay, and how many have expressed an objection? Please state the ratio for the record.”*

Director Strategy & Development

*“There were 48 submissions seeking withdrawal of properties for reasons related to each. Council officers are recommending that 37 properties be withdrawn following the Independent Planning Panel review process.*

*Therefore, of the 38 properties recommended for inclusion in the Amendment this leaves 11 properties where owners are objecting to individual listings.”*

Jonathan O'Brien

*"Given that we know the C148 Heritage Overlay has negatively impacted one Maroondah family in the order of 6 figures, as reported by the ABC, can Council give an estimate of the total cost of this Overlay to Maroondah residents?"*

Director Strategy & Development

*"A heritage listing is just one of a multitude of factors which may impact on an individual property's value and, on the whole research has shown that heritage listing of itself does not necessarily have a negative impact on property values over time. Therefore, there is no such information."*

Jessica Underwood

*"Many Maroondah families are under intense financial pressure due to the cost of living and interest rates. The C148Maro amendment will increase this pressure by reducing property values and increasing maintenance costs.*

*If the amendment is passed, what financial assistance does Maroondah council plan to provide to heritage property owners, consistent with heritage funds provided by other city councils (e.g. Cities of Whitehorse, Manningham, Casey, Melbourne)?"*

Director Strategy & Development

*"Council assists heritage property owners by providing a free specialised heritage advisor to help with property planning. This free service provides invaluable guidance to property owners when they are considering works, building extensions and subdivision of their land."*

Jessica Underwood

*"At the September 2023 council meeting it was divulged that over \$240,000 had been spent to date by council on heritage consultants. As of March 2024, what is the updated total of funds spent on the proposed C148maro amendment, including heritage consultants, legal fees and other panel hearing expenses?"*

Director Strategy & Development

*"Council has spent an additional \$191,800 - \$70,00 of which, was a payment to the Minister for Planning."*
